

EMERGENCY CARE NOW!

A young child has a seizure.

An elderly parent has a stroke.

A crowded neighborhood contracts avian flu.

An entire community is isolated by a catastrophic earthquake.

The City of Pasadena and its neighbors in Altadena and Sierra Madre need

Emergency Care Now!

- Only one local hospital serves the entire area above and below the 210 Freeway.
- Only one local urgent care facility serves three communities.
- Facilities are overloaded and under-staffed.
- Diversions to medical facilities in outlying cities are increasing.
- Long waits have become the norm.

The St. Luke Hospital buildings and land are being sold to a developer.

Now is the time to act!

Educate and advocate for emergency medical services at the St. Luke site.

Add your name to the growing list of supporters. E-mail us at ecarenow@gmail.com .

Share this flyer with your friends and neighbors at neighborhood gatherings, community events, faith-based meetings.

Sign our petition for local decision-makers.
