The East Eaton Wash Neighborhood Association is launching a new, one-of-a-kind program to help each other locate reliable businesses and services when the need arises.

Our new Directory will be compiled by you and your neighbors when you recommend someone for their good service. The directory will be printed semi-annually and will be available year-round on our website, [www.eewna.org](http://www.eewna.org) as a downloadable pdf. This service is FREE OF CHARGE.

It will only work if you participate! Please take some time to fill in the form(s) below if you have had a positive experience with a business in our area that you would like to share:
